

CHATEAU LA MISSION HAUT-BRION

1995 Vintage

The Climate

1995 was a precocious year. The winter was mild and the spring hot and dry. The bud burst and the flowering were precocious and homogeneous. June, July and August were characterized by hot temperatures and no rain. Some of the vines with superficial roots as for young vines suffered from dryness. The harvest was perfectly ripe and sounds although September was cooler than usual and rainy in the middle of the month.
